

Think about it...

Existing homeowner and auto insurances may not be enough to cover a lawsuit or judgment. A PERSONAL UMBRELLA POLICY will substantially increase your customer's overall liability coverage beyond the basic coverage provided by their homeowner and auto insurance policies.

Why RLI's personal umbrella policy is a good source of protection:

- Coverage limits up to \$5 million for qualified applicants.
- All underlying insurance not required to be with the same carrier.
- Excess Uninsured/Underinsured Motorists coverage offered.
- No age limit on drivers.
- Up to one DWI/DUI per household allowed.

One of the few stand-alone personal umbrella policies available for your New Hampshire clients, offered by an A+ rated carrier.
